

Not all targets for 2009 accomplished: Finance Ministry

(02/19/2010)

Jakarta, PAB-Online

Top ranking officials at the Finance Ministry last year failed in 10 percent of the 36 main performance indicators, Finance Minister Sri Mulyani Indrawati says.

“Last year four programs received a yellow mark,” Sri Mulyani said Friday.

The achievements were rated green, yellow and red, representing good, satisfactory and poor performance.

“But the majority reached the target. So, relatively speaking, the performance of the Finance Ministry was fine.”

Mulyani and top-ranking officials on Friday signed another contract of work to ensure top-ranking officials perform as expected.(JP/IP)
